1 GLARE: A Grid Activity Registration, Deployment and Provisioning Framework

Mumtaz Siddiqui, Alex Villazon, Jurgen Hofer, Thomas Fahringer November 2005 **SC '05:** Proceedings of the 2005 ACM/IEEE conference on Supercomputing

Publisher: IEEE Computer Society

Full text available: pdf(1.43 MB) Additional Information: full citation, abstract, references, cited by, index terms

Resource management is a key concern for implementing effective Grid middleware and shielding application developers from low level details. Existing resource managers concentrate mostly on physical resources. However, some advanced Grid programming ...
